

Customer Journey Map

Date	11 July 2026
Team ID	XXXXXX
Project Name	EduGenie – Google Gemini Powered Learning Assistant
Maximum Marks	2 Marks

The customer journey map illustrates how students interact with EduGenie – Google Gemini Powered Learning Assistant, from entering a learning query to receiving AI-generated explanations, quizzes, summaries, and personalized learning recommendations.

Phase of Journey	Stage 1 Enter Learning Request	Stage 2 AI Processing	Stage 3 Learning & Improvement
Actions (What does the customer do?)	• Opens EduGenie application • Selects a learning task (Explanation, QnA, Quiz, Summary, Learning Path) • Enters a topic or question	• AI processes the request • Generates explanations, answers, quizzes, summaries, or learning recommendations	• Reviews AI-generated output • Practices quizzes • Follows personalized learning path to improve understanding
Touchpoint (What part of the service do they interact with?)	• EduGenie Web Interface • Task Selection Menu • Input Text Box	• Google Gemini 1.5 Pro • LaMini-Flan-T5 Model • FastAPI Backend	• Results Dashboard • Quiz Module • Summary Module • Learning Path Recommendations
Customer Thought (What is the customer thinking?)	• Will EduGenie answer my question correctly? • Can it explain concepts clearly?	• Is the AI response accurate? • Are the quizzes useful for my preparation?	• I understand the topic better. • I know what to study next. • I feel more prepared for exams.
Customer Feeling (What is the customer feeling?)	• Curious • Interested • Hopeful	• Engaged • Focused • Confident	• Motivated • Satisfied • Ready to continue learning
Process Ownership	• Student	• AI System	• Student + AI
Opportunities (How can we improve?)	• Better user interface • Voice input support • Faster request submission	• Faster AI response • More accurate explanations • Improved quiz generation	• Progress tracking • Personalized study plans • Performance analytics and recommendations
